Newsletter – June, 2025

EXCELLENCE

COURAGE

DISCIPLINE

FROM THE DESK OF THE PRINCIPAL

Burhani School continues to grow each year, not just in numbers, but in quality, discipline, and strong academic performance. Our students are achieving more, our teachers are working harder, and our programs are more exciting and meaningful than ever before.

Much of this success is because of the support and vision of our School Management Committee. They have worked with care and dedication to improve every part of the school — from classrooms and learning materials to student welfare and teacher development. Their goal is to make Burhani one of the best secondary schools.

This newsletter highlights the steps we've taken and the goals we still aim to achieve. It is a record of our hard work and a message of hope for the future.

Thank you to all parents, staff, students, and well-wishers who continue to believe in the Burhani vision. We also take this moment to sincerely thank you, our dear parents — for your partnership with us. Your support matters more than you know. Let's continue working together to raise a generation that is not just smart, but also responsible, focused, and resilient.

Together, we will keep moving forward — with excellence in everything we do.

Burhani School — The Pride of Tanga.

ABSENTEEISM

Parents are informed that unexcused absenteeism is strictly not allowed. As your partner in educating your child, the school is concerned that these absences are causing difficulties that could lead to academic under performance among students who stay frequently absent.

Students staying Absent without prior information which is not followed up with a note/documentation or parent phone call will not be permissible at all. Excessive absences and tardiness affect the student's education and increase the chances for failure.

You are REQUIRED to submit documentation for ALL ABSENCES to your child's respective class teacher or school's office.

Our goal is to educate your child. We cannot be successful if your child is not in school.

MORNING ASSEMBLY

Morning assembly is an essential part of the school day in primary school, and it plays a significant role in the academic and personal development of students.

Morning assembly is a time when important announcements, news, and other information can be shared with the entire school community. This ensures that everyone is informed and up-to-date. It provides an opportunity for the school community to come together, build a sense of community, and start the day on a positive note.

It also helps to promote discipline, develop communication and leadership skills, encourage reflection and mindfulness, and provide important information.

STUDENTS' LEADERSHIP ELECTION 2025

Democracy at the school level.

A pupils' government is intended at making sure the pupils elect leaders of their choice. A campaign period is initiated and pupils participate in convincing their fellow pupils to vote for them. There after an election is carried out and the head prefects elected. This year was no exception with the election process being free and fair. We appreciate all the pupils for exercising their democratic right of electing their student leaders.

Students Leaders – 2025

Head Boy – Gerald Greyson

Head Girl – Zeyana Soud

Academic Prefects. (Head of Dep. and Deputy)

1. HEAD: Samarth Jetha.

2. DEPUTY: Farhia Omar.

2. DEPUTY: Danniell Norbert

Games & Sports

1. HEAD: Salmin Mbaraka

2. DEPUTY: Iptysam and Burhannudin Keizer

Timekeepers: Haziq Ahmed and Hemed Aboubakar

BEHAVIOUR AND DISCIPLINE IS THE KEY TO LEARN

Our five rules of discipline

1. All students should be polite, courteous and well-behaved at all times.
2. All students should greet the teachers and visitors when they see them.
3. All students should be orderly and self-disciplined at all times.
4. All students should be punctual for school and all school activities.
5. All students should respect school property.

CO-CURRICULAR ACTIVITIES

At Burhani Primary School we facilitate a variety of activities for students that go beyond traditional academic subjects. Overall, these activities are designed to help students develop important skills that go beyond traditional academic subjects. They provide opportunities for students to express themselves creatively, develop their physical and social skills, and gain confidence in their abilities.

Show and Tell STD III

Public speaking is an integral part of language development. As a school we value the contribution of children in developing their public speaking skills. This has made it even much better as we develop our own masters of ceremony in our graduation ceremonies.

Language Skills

Constructive arguments where pupils engage each other in defending facts and separating fact from fiction works marvelously in building confidence and developing language skills. Besides, it enables learners to learn from their peers. Debates form one such forum where pupils build and defend facts in an organized and timely manner. In the course of the term standard six pupils had a debate where they were tasked with debating the effects of industrialization on the environment conservation with the proposers supporting industrialization and conservationists arguing against it. Through this, it was established that there is need to strike a balance and develop industries but curb environmental pollution.

Job Day STD I & II

Career modelling

We encourage our pupils to select the best career path by engaging them in active role play in career development. One by one they trickle on stage with their favored attire and all necessary equipment for specific careers, from teachers to engineers, pilots to farmers, our pupils showcase their expertise on mimicking various professions of their own choice. Shout outs to all the parents who tirelessly dedicate their time to ensuring that their children present the best of all that they choose to represent.

Sports

Talent and, more specifically, sports talents have become a source of employment. Burhani school has invested heavily in co-curricular activities. Sports periods have been included in the normal weekly timetable. Pupils consistently participate in swimming and other related sports like football, throwball, and netball. Our pupils have been selected to join up with other pupils from other schools to participate in umitashumta sports events. Considerations are underway to widen the scope and increase sports events.

Dental health checkup

Working with our local community is key to fostering academic excellence and building good rapport. The good health of our pupils is another priority we do not take for granted. Good health allows pupils to concentrate fully on their studies. In line with this, our Standard Five pupils attended a dental health seminar conducted by professionals from the Bombo Dental Unit, where they were taught essential skills for maintaining oral hygiene.

Cookery

Activity based learning encourages maximum retention of knowledge, skills and attitudes obtained through the learning process. This is because children actively participate in the learning process by literally taking part in each learning activity. Standard six pupils can attest to this as they engaged in a cooking lesson. From setting up the ingredients, making dough to rolling and frying of bans each pupil meticulously mastered the skill of making bans. It was a lesson well planned and executed as all pupils were given groups from which they had to work. We are looking forward to many more action-packed lessons.

Environmental Cleanliness

As the saying goes, cleanliness is next to godliness, our pupils have taken up the responsibility of ensuring that their environment is clean. From sweeping to mopping and collection of litter, they actively engage in the cleaning exercise on specific dates. This is to make them active and responsible members of our society in ensuring that the environment is clean and that we prevent the occurrence of diseases that would otherwise be prevented by keeping the surrounding clean. Safety is key in the cleaning up exercise thus all pupils are encouraged to be in the right gear while participating in the cleaning exercise.

Change of sports t-shirt

The old house-based T-shirts have been phased out, and all parents are encouraged to purchase the new ones. We appreciate all parents who have already adapted to the change and bought the new sports T-shirts. We kindly urge those who have not yet done so to make the purchase so that the school can achieve the desired uniformity.

Notices and Announcements

School Closing and Reopening Dates

Please be informed that the school will officially close for the term on Friday, **6th June 2025**. Classes will resume on Tuesday, **8th July 2025**. We encourage parents to ensure pupils return on time, well-prepared for the new term.

Fees payment reminder

Kindly ensure that any outstanding balances are cleared by 15th July 2025.

All payments should be done through:

A/C No. 008141086390001

Bank: AMANA BANK

Special Thanks & Appreciation

We extend our heartfelt appreciation to all parents, guardians, teachers, and staff for their continued support and cooperation throughout the term. Your involvement plays a vital role in the success of our pupils and the smooth running of our school. Together, we continue to build a nurturing and productive learning environment.
